
25.01.2022 События

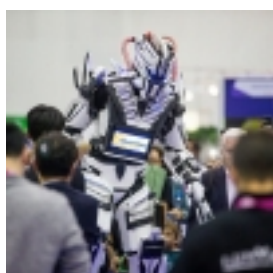

A special edition, in online format, of the Geneva International Exhibition of Inventions, Switzerland, with the main title: "Inventions Geneva Evaluation Days - Virtual Event" is organized from 16 to 20 March 2022. This event aims to provide the possibility for inventors from all over the world to participate in the competition by presenting their inventions.

\Thus, those interested in participating in the Geneva Exhibition Special Edition of this year are urged to send a record form and a 3-minute video in which they explain and demonstrate clearly how their invention works, focusing on innovation. Works will be evaluated by a professional jury.

For more information on the event, including the conditions for participation and the registration form at this year's virtual exhibition, access the site: <https://inventions-geneva.ch/en/registration/#>
[1]

We should mention that the Geneva International Exhibition of Inventions is the most prestigious event in the world exclusively devoted to inventions and organized under the high patronage of the Swiss Government, Geneva, and the World Intellectual Property Organization.

The State Agency on Intellectual Property (AGEPI) encourages the inventors and researchers from the Republic of Moldova to participate in international specialized exhibitions and use with maximum efficiency this tool for promoting their own innovation projects.
